MINUTES OF THE CRITICAL COMMUNICATIONS  
COMMITTEE - 16 January 1959

1. The Chairman briefed the Committee on the views of the Hull Board concerning the transmission of Critical Intelligence and the interest that General Goodpaster was taking in the problem. After considerable discussion, it was agreed that the Committee might well wish to recommend a broadening of the concept of the type of information that should be considered as "Critic". The Chairman agreed to prepare a first draft of the Committee's semi-annual report incorporating this view.
2. It was also agreed that each agency would prepare a draft of Annex C as it should be revised to reflect that agency's interest. These agency drafts will form the basis for a consolidated draft of a new Annex C.
3. The next meeting will be at the call of the Chairman after the first draft of the semi-annual report has been circulated.
